POLICY

Title	Corporate Credit Card
Classification	Finance

1. OBJECTIVE

The purpose of this policy is to control the distribution and use of corporate credit cards within the organisation and to ensure sound governance of expenditure incurred by cardholders for business purposes and public benefit on behalf of the organisation.

2. SCOPE

This policy applies to all employees how have been issued with a corporate credit card.

3. STATEMENT

The LCLGA operates a corporate credit card system which permits cards to be issued to appropriate operational staff throughout the organisation. Corporate credit card holders and their card limits will be reviewed every twelve months by the LCLGA Board to ensure the cards and limits are appropriate. This policy should be read in conjunction with LCLGA's Procurement policy and Corporate Credit Card Agreement Form.

3.1 Corporate Credit Card Holders and Limits

Position	Limit
Executive Officer	\$5,000
Destination Development Manager	\$3,000
Connected and Active Communities Officer	\$2,000
Sporting Academy Coordinator	\$2,000

3.2 Approval of new Corporate Credit Card holders and limits

All new Corporate Credit Card requests are to be approved by the EO. A card holder's individual transaction limit should not exceed their financial delegations (though the cumulative monthly limit may be higher than their financial delegation) and this will be checked regularly by the Contract Accountant.

Card holders are to acknowledge that they have read this policy and sign the Corporate Credit Card Agreement Form (Refer Attachment 1) prior to being issued with their card.

3.3 Transaction Limits

Each Corporate Credit card has an capped individual transaction limit. This limit is usually less than the cumulative monthly limit. The individual transaction should not exceed the card holders financial delegation as identified at 3.1 – Corporate Credit Card Holders and Limits. The Board has the final approval over each card holder's limit. Should a higher transaction limit be required than the card holder's financial delegation, due process should be followed to increase that card holder's financial delegation before a limit is approved that exceeds it. Any changes to original limits must be approved by the Board.

3.4 Use of Corporate Credit Card

Corporate Credit Cards are solely for corporate purchases which must demonstrate clear business purpose; no personal expenses are to be incurred whatsoever on a LCLGA Corporate Credit Card. If a personal expense is unintentionally charged to the Corporate Credit Card, the Card holder will be liable for those transactions and required to refund LCLGA.

Misuse of a Corporate Credit Card may result in disciplinary action commensurate with the severity of the breach.

Breaches include:

- Misuse of a corporate credit card for non-LCLGA related purchases;
- Untimely submission of reconciled and costed corporate credit card monthly statements;
- Any breach of this policy;
- Falsely claiming transactions as LCLGA business; and
- Not keeping the corporate credit card secure.

Disciplinary action may include:

- Reduction in the card holders limit;
- Suspension/removal of corporate credit card from the card holder;
- Disciplinary and performance management of the card holder; or
- Termination of employment of the card holder.

Cash advances are strictly prohibited and as such this facility is not available on any corporate credit card.

Corporate credit cards should not be used when there is an alternative form of procurement and payment available to the card holder at the time of purchase (for example, receiving an invoice to pay for the goods/services). Corporate credit cards are not to be used to circumvent the Procurement policy.

Corporate credit cards may be used to purchase fuel when there is not an approved supplier account available or any fuel card facility available.

All transactions must be supported with an Australian Tax Office (ATO) approved tax invoice/receipt suitable for confirming GST amounts (if applicable). In the event a tax invoice is not available or is misplaced a signed declaration outlining the details of the

purchase and circumstances around the lack of supporting evidence is to be provided.

3.5 Disputes

Any transaction unable to be verified must be reported to the EO or in the case of the EO to the President.

3.6 Month-end approval process and reviews

All transactions listed on corporate credit card statements are to be reconciled monthly with supporting documents that include costing details. Statements are to be signed by the EO, and in the case of the EO by the President by the 14th day of each month.

For further financial transparency and scrutiny the EO's purchase card expenditure will be reported to the audit and risk committee at least twice annually for independent review.

3.7 Cessation of Employment

Corporate purchase cards are to be cancelled immediately on termination of employment/association of the card holder. This is the responsibility of the Administration Officer.

3.8 Lost/stolen cards

It is the card holder's responsibility to contact the EO immediately if their card is lost or stolen. A replacement card can only be ordered by the Administration Officer once advised that approval has been granted by the EO. In the case that it is the EO's card lost or stolen than the President must be notified immediately and grant approval for a replacement card.

4. COMPLAINTS

If a member of staff wishes to make a complaint about a breach of this policy, they should do so in writing to the EO, (or the President) outlining who the individual is, the alleged breach(es) and outline any evidence they have. The EO (or President) will then instigate an internal investigation to verify the breach(es) before determining the most appropriate course of action (if any).

In the case that it is a complaint against the EO then the President must be notified and will then instigate an internal investigation to verify the breach(es) before determining the most appropriate course of action (if any).

5. TRAINING

LCLGA is committed to supporting card holders and other employees in complying with this policy and any associated procedures.

All card holders will be trained during their induction and any additional training needs will be reviewed annually during individual performance reviews and/or as necessary in consideration of any changes.

6. POLICY REVIEW

The effectiveness of this policy will be reviewed in twelve months.

Recommendation

1. That the Limestone Coast Local Government Association (LCLGA) form a working party to review the LCLGA subscription formula and report back to the LCLGA Board with recommendations.

2. That the Working Party consist of three (3) members of the LCLGA Board and the LCLGA Executive Officer.

EXECUTIVE SUMMARY:

At the August 2023 Board Meeting of the Limestone Coast Local Government Association (LCLGA) a motion was moved by the District Council of Robe that read.

"The LCLGA Executive Officer to research how the subscription for Councils is calculated and provide the answer at the next LCLGA Board Meeting."

A letter outlining the information below has already been sent to the District Council of Robe.

The subscription formula was introduced some 15 plus years ago based on the Local Government Association of South Australia (LGASA) which was a population/revenue model of the Council. This formula is now not used, the research we have carried out does not state why the formula stopped being used.

The subscription amount is now based on a number of years projected into the future through the Draft Business Plan for each year. The table outlining the subscription amount for forward projected years is what the subscription to each Council is based on.

Discussion

Further research has now been undertaken after some additional information was provided by the Tatiara Chief Executive Officer in relation a report that went to the Tatiara Council meeting in May 2015.

After being referred to an Archived area in the LCLGA offices I have been able to locate Board minutes of 2015 which outlines a project that took place relating to the LCLGA subscription formula.

The information I have sent in the letter to the District Council of Robe does not change but the minutes I have found "tells part of the story" in relation to the Subscription base of the LCLGA.

In March 2015 a working party was formed of SELGA members and the Executive Officer to undertake a review of the LCLGA Charter and Subscription methodology.

The subscription formula used at this time to charge the LCLGA Councils was based on the Local Government Association SA (LGASA) subscription formula.

The formula was a three-part formula as outlined below.

- Flat fee based on 3 population parameters: 10,000, 50,000 and > 50,000
- 60% Council annual revenue component revenues component (with reference to the Grants Commission).
- 40% Council population component (with reference to the Grants Commission)

At a Charter and Subscription workshop held in March 2015and the working party recommended the following.

"With regard to SELGA Subscriptions (Section 6.2), it was agreed that the following can be included in the Charter:

Subscriptions are to be applied equitably to Constituent Councils under such terms and conditions determined by the Board.

The SELGA Board would then adopt a policy (not included in the Charter) to provide specific guidance on the basis for subscription. The policy is to include guidance that:

- A. A portion of the subscription shall be calculated based on equal contributions by Constituent Councils.
- B. A portion of the subscription shall be calculated based on the population of each Constituent Council.
- C. No Constituent Council shall incur a subscription increase or decrease of more than 5% in each year.
- D. The above calculations will apply to Subscriptions and Project Fees.

ACTION: The Executive Officer to develop a number of scenarios varying the percentage divided between equal (A) and population (B) for the Board's consideration."

The Executive Officer developed four subscription models which were then sent to the Constituent Councils for consideration.

At the SELGA Board meeting held on the 12 June 2015 the feedback and motions from the Councils was considered and the following motion was adopted.

That SELGA:

- 1. Note the feedback and resolutions from each Constituent Council regarding the method of calculations of SELGA Subscriptions.
- 2. Note the commencement of the review of the LGASA Subscriptions for application in the 2016-17 budget year.
- 3. Revisit the SELGA Subscription following the completion of the LGASA Subscription Review.

I have reviewed the SELGA and LCLGA minutes from 2015-2023 and have found that the Subscription formula for SELGA/LCLGA subscriptions has never been adjusted to the outcome of the LGASA review of the Subscription formula undertaken in 2016.

It was noted in the Business Plan for 2017-18 that the Subscription formula was still to be considered.

From 2017-18 the subscription charges to the constituent Council were charged as a percentage increase to the previous year not recalculating the subscriptions based on the LGASA formula. Some of the years had a zero increase in subscriptions i.e., COVID years but all the other years had a percentage increase.

The LCLGA has a base subscription line and then project fee lines that Councils over the years have opted in or out at various times.

Conclusion

In summary the review of the SELGA subscriptions in 2015 had no outcome and the subscription formula from the LGASA was continued to be used for the next few years and then the subscription increase went to a percentage increase, and I cannot find any paperwork to confirm why the subscriptions went to a percentage increase.

On the basis of what I have been able to discover in relation to the LCLGA subscriptions I suggest a working party be formed to review the LCLGA Subscription formula.

11.1 LCLGA President's Report

I attended the following meetings and events since the last LCLGA Meeting held on 13 October.

- Mayors and CEOs attended a meeting in Naracoorte with the Department of Infrastructure and Transport, at which meeting the LCLGA undertook to call six monthly meetings between the LCLGA and DIT.
- CEO City of Mt Gambier and I met with the Deputy Premier, discussing amongst other matters the Gather Round and initiatives that the Limestone Coast are planning to attract visitation to our region.
- Met with Emma Terry, Chief Executive of SATC and Nick Jones, Executive Director Destination Development, speaking about tourism opportunities for the Limestone Coast, including promotion of our Region in SATC promotions.
- Minister Hildeyard visited Mount Gambier recently and I took the opportunity to discuss with her the Connected and Active Communities project that she is very invested in. The Minister acknowledged the role Tony Elletson is playing in this space. Discussion was also had in regard to a Festival of Footy event to be held in March 2024.
- Along with some Mayors and CEOs attended the LGA and LGFA AGM held in Adelaide on 26 October. Interesting address from Minister Brock re the Local Government Participation and Election Review discussion paper and the ESCOSA Scheme.
- 26 October, Premier Malinauskas announced the State Government's commitment to \$5.5m towards the Telstra Mobile Tower Proposal in the Limestone Coast now awaiting a further investment from the Federal Government.
- Attended a post referendum yarning circle event at Pangula Mannamurna Aboriginal Corporation.
- Met with Tony Elletson and Colin Byles re Connected and Active Communities.
- Attended opening of Head to Health facility in Mount Gambier. A wonderful asset for the Limestone Coast, enabling people to avail themselves of 'walk up' appointments.
- Met with Flinders University Professor Jonathon Craig re university presence in Mount Gambier and the Limestone Coast.
- Radiation Treatment Working Party meeting Legislative Review process is still progressing.
- Feasibility study is likely to make progress. Radiation oncology round table held in Adelaide on 20 November, attended by most of the public and private providers in the State. As said before this process is a marathon not a sprint.
- Various meetings in relation to finalising appointment of new EO of LCLGA.
- Discussion with Kate Napper, LCLGA Destination Development Manager in relation to challenges and opportunities.
- Prepared President's Report for LCLGA Annual Report 2022/2023.
- Audit and Risk Committee Meeting.
- Travelled to Mannum to attend Mid-Murray SAROC Meeting :-
- Members are able to access Agenda and Minutes on LGA Website, but I offer the following comments:-
- Presentation from Infrastructure SA on South Australia's 20 year strategy. Question how do we provide a more equitable approach for the regions, need to focus around inclusion and equity. Agreement around table that economic growth comes from regions who contribute substantially to State's economy and often it is difficult for regional projects to compete for investment compared to larger metro based projects yet they can have a significant impact on the region.

- Acknowledged that we all have ageing infrastructure, creating challenges for disability access and asset management – how do we do it better. Increasingly challenging with ageing infrastructure and changing standards for disability requirements, in particular heritage buildings. The financial burden of improving old buildings so they are more accessible is borne more by regional and remote councils because of population base.
- Discussion continues about Landscape Board and collection of money by Councils.
- Discussion continues about SAROC Annual Business Plan Workshop, acknowledging that we are still awaiting the Constitution and Terms of Reference Review which will reflect the outcomes from the recent workshop. I believe the SAROC Board do not want the bureaucracy currently in place, acknowledge that we are a committee of the LGA and the Strategic Plan is that of the LGA and we align with that, also ensuring that matters from the regions are addressed.
- Attended the Tourism Immersion and Networking event hosted by LCLGA at Raidis Estate.

Mr Colin Byles
Interim Executive Officer
Limestone Coast Local Government Association
Level 1, 9 Bay Road
MOUNT GAMBIER SA 5290

Dear Mr Byles Coun

I am pleased to advise that the recommendations of the South Australian Local Government Grants Commission (the Commission) for the distribution of the Australian Government Financial Assistance Grants (FA Grants) and the Supplementary Local Road Funding for 2023-24 to South Australian councils were approved by the Australian Government Minister for Regional Development, Local Government and Territories, the Hon Kristy McBain MP, on 12 August 2023.

FA Grants across Australia will provide an estimated \$3.1 billion for 2023-24, which is an increase of 5.46 per cent over 2022-23. For South Australia, the total allocation is \$203.27 million, an increase of 5.95 per cent.

South Australia's allocation includes General Purpose Grants of \$150,699,915, an increase of 6.12 per cent from 2022-23, and Identified Local Road Grants of \$52,570,707, an increase of 5.46 per cent from 2022-23. The Identified Local Road component includes formulae-based funding of \$44,684,707 and \$7,886,000 for the Special Local Roads Program.

I am advised by Minister McBain that there was an underpayment of the General Purpose Grants of \$6,876,071 and Identified Local Road Grants of \$2,269,222 in the 2022-23 grants for South Australia. Cash grants received by councils during 2023-24 will be adjusted accordingly in proportion to the approved 2022-23 distributions.

As has been the case in recent years, a brought forward payment of the 2023-24 FA Grants was made in late June 2023. I understand 100 per cent of the 2023-24 FA Grants was brought forward, providing a total of \$202.8 million for South Australia. This included \$150.4 million in General Purpose Grants and \$52.47 million in Identified Local Road Grants.

The brought forward payment was distributed on the basis of the Commission's draft recommendations for 2023-24 to give councils immediate access to funds that can help manage the significant financial pressures being experienced at the moment.

It is also important to note that the timing of the 2023-24 brought forward payment in June 2023 and the submission of the Commission's final 2023-24 FA Grant recommendations in August 2023 resulted in a number of under and overpayments for councils for 2023-24. Adjustments for these under and overpayments will be made in 2024-25 and the Commission will contact all councils directly to advise of any required adjustments in due course.

I am also pleased to confirm that the Commission's recommendations for distribution of the 2023-24 Supplementary Local Road Funding, provided to South Australia to address the inequity in South Australia's share of the Identified Local Road Grants, has also been approved by Minister McBain. This funding will provide \$20 million to South Australia for 2023-24, including 85 per cent, or \$17 million, in Formula Grants and 15 per cent, or \$3 million, provided to the Special Local Roads Program.

In summary, the total allocation to South Australia for the 2023-24 year comprises the following components. A table of FA Grants allocated to each council is enclosed for your information (Attachment 1).

Estimated FA Grants for 2023-24

General Purpose Grant (GPG)	\$ 135,138,065
Roads (Formulae Funding - ILRG)	\$ 40,442,392
Roads (Special Local Roads Program - ILRG)	\$ 7,137,000
Total Estimated Grant for 2023-24	\$ 182,717,457
Add Adjustment for 2022-23 underpayment (GPG)	\$ 6,902,806
Add Adjustment for 2022-23 underpayment (ILRG)	\$ 1,452,267
Less Brought Forward Payment Paid in June 2023 (GPG)	\$ 100,962,444
Less Brought Forward Payment Paid in June 2023 (ILRG)	\$ 35,695,209
Remaining 2023-24 Cash Payable (rounded to the nearest dollar)	\$ 54,414,877

2023-24 Supplementary Local Road Funding

Total Supplementary Local Road Funding 2023-24	\$ 20,000,000
Supplementary Local Road Funding (Special Local Roads)	\$ 3,000,000
Supplementary Local Road Funding (Formulae Funding)	\$ 17,000,000

The General Purpose Grants and the Identified Local Road Grants are determined using different assessment methods.

To determine the recommended allocation of General Purpose Grants, the Commission assesses each council's capacity to raise revenue and their expenditure need relative to the average across South Australia.

Greater funding is directed to councils with less capacity to raise revenue from rates, (i.e., typically those councils with lower than average property values), or where services cost more to provide for reasons outside the council's control (i.e., typically those councils with higher than average expenditure needs).

The Identified Local Road Grants are distributed on the basis of road length and population, and for rural councils, road length, population and the area of the council.

The Commission, consisting of the Chair, Mr Rob Donaldson, and the Commissioners, Ms Wendy Campana and Ms Erika Vickery, makes recommendations to me each year based on its distribution methodology. This methodology is reviewed regularly by the Commission. There have been no changes to the distribution methodology for 2023-24.

The FA Grants are untied and the remaining funding for 2023-24 will be paid in four quarterly instalments, with the first instalment recently paid on 17 August 2023 and further instalments to be paid in November 2023, February 2024 and May 2024. The Supplementary Local Road Funding for South Australia for 2023-24 was also passed on to Councils on 31 August 2023.

Should you have any queries regarding the FA Grants or Supplementary Local Road Funding, please contact the Commission's Executive Officer, Mr Peter Ilee, by telephone on (08) 7133 1414 or via email to grants.commission@sa.gov.au.

Yours sincerely

Hon Geoff Brock MP

Report Recommendation: That the report to be noted.

Purpose: Connected and Active Communities

To partner with community to establish and foster relationships that grow localised capacity to build and deliver impactful physical activity initiatives.

Connected and Active Communities

The Connected and Active Communities (CAC) program aims to partner with community to establish and foster relationships that grow localised capacity to build and deliver impactful physical activity initiatives.

The program will look to provide opportunities for those in our community with barriers to participation and maintain support to our clubs' organisations and associations to ensure sustainability.

The CAC Officer has been working on the following in the past two months;

- A comprehensive facility usage & standards analysis of all sporting and recreation facilities (in Naracoorte Lucindale and DC Grant) that will provide suggestions for shared facilities, upgrade advice and options for expanded use. Quotes have been obtained from consultants and the CAC Officer is now working with the two councils to select suitable consultant and finalise budget support.
- Developing a Pilot Project based around soccer and migrants that the CAC will invest project money into. We are supporting soccer in the Tatiara, with a focus on the migrant community's needs, by exploring ways in which the strengths of the community can be leveraged to create positive physical activity outcomes to establish active lives and connected communities. There are currently multiple forms of informal Soccer participation occurring in the community.

Working with the Tatiara District Council and the Soccer community of the Tatiara we will codesign a first-year plan to deliver an informal sport model to enable the community to deliver soccer in a safe and sustainable manner. We will invest in a local coordinator, support this person with training and resources and then develop a multi year plan to ensure long term sustainability of the sport in the area. This program, if successful, can be rolled out in other areas, using soccer or other sports with a strong migrant/diverse population.

 Tatiara Youth Group Leadership Program. This program, offered by the Connected and Active Communities Program in partnership with Tatiara District Council will offer selected candidates with the opportunity to become leaders and role models in the community.

We will provide young people in the Tatiara region the opportunity to reach their full potential in their chosen sport and life by providing services such as advanced technical coaching in strength & conditioning, psychology, nutrition & hydration, leadership, life skills, mentoring and personal development sessions.

Cost will be \$100, which will cover all aspects of the program. Candidates will need to have a current gym membership.

Scholarships (which will cover all costs of the program, including a gym membership) are available for candidates in financial need. All candidates will be interviewed confidentially to determine suitability for scholarship.

Selection Criteria -

- -Aged between 13-18
- -Willing to attend gym 2 times a week and monthly leadership workshops
- -Minimum of passing all school subjects or a commitment to attain pass marks
- -Willingness to give back through volunteering to clubs or recreation groups in the Tatiara community.

All candidates and families/guardians will be provided with a complete induction and program information prior to finalising their place in the program.

Nominations close Friday 19th January 2024

- We are currently surveying clubs across the region to determine their needs for training and education. We will then put together a comprehensive training calendar that suits the demands of clubs. These courses will be delivered by experts approved by the Office for Recreation, Sport and Racing to ensure the highest quality for our clubs.
- Partnering with the South Australian Sports Medicine Association, the CAC Program has booked 2 Level 1 Sports Training Courses and 3 Community Concussion Workshops for 2024. Sports Trainers are a vital part of our sporting landscape and Concussion is one of the major issues in sport currently.

Information relevant to sporting clubs (including grant opportunities) will also be part of the presentation. The session will provide:

An overview of best practice of inclusion, diversity, and equitable access principles. Introduction to social norms, bias, marginalisation, privilege, and power. Understanding diversity and stereotypes in our own attitudes and networks. Nurturing person-centered & welcoming environments via inclusive conversation.

LGA Topical Report

November - December 2023

		ı
Purpose	This LGA Topical Report provides an information update on LGA activities	
	and is current as of November 2023.	l

Sector wide updates:

- Cost Shifting
- Upcoming Reviews
- CWMS
- Local Government Reforms
- Participation and Elections Review
- Employee Recognition Guideline
- Strategic Management Plan (SMP) Advice Scheme
- Financial Sustainability Information Papers
- Coastal Adaptation
- School Community Libraries
- Building Sector Capability
- Jetties

LGA sector wide updates

Cost shifting

The LGA has engaged SGS Economics and Planning to perform a 'Cost of Compliance' project by April 2024, to better-understand the costs to councils of complying with state legislation and the costs of state government cost shifting.

To date, the sector has not measured these costs. It is likely that these costs represent a significant percentage of each council rates notice. The information gained from the review will:

- Give each council better information on the resources it must devote, to meet these mandatory state government obligations; and
- Provide an evidence base for ongoing advocacy by the sector, particularly as the State
 Government regularly proposes the imposition on councils of further costs and obligations.

SGS will, as far as possible, use existing data (such as that held by the Local Government Grants Commission). The LGA and SGS are liaising with the Local Government Financial Management Group, to design a survey that collect additional information from councils in a consistent manner.

Upcoming Reviews

Upcoming State Government reviews or changes to legislation include:

Environment Protection (Waste to Resources) Policy 2010

The Environment Protection (Waste to Resources) Policy 2010 ("W2R") provides the regulatory underpinning for South Australia's Waste Strategy. The State Government has indicated that a review of this key regulatory framework will commence in 2024 with the intent of modernising the policy to better enable a more circular economy and to achieve the state's emission reduction targets.

Dog and Cat Management

The Department of Environment and Water (DEW) report that they expect to consult on changes to the Dog and Cat Management (DCM) Act in the first quarter of 2024.

The LGA has asked for at least two months consultation on any proposed change to the DCM Act, to enable the LGA and councils to have genuine input.

The LGA AGM also requested that the LGA Secretariat prepare an options paper on dog and cat impounding. This follows increasing difficulties and costs in using services traditionally provided by the Animal Welfare League and the RSPCA. The options paper will be progressed in 2024.

Landscapes SA Act

In August 2023, the State Government commenced an 'Independent Review' of the *Landscapes SA Act 2019* (LSA Act), led by former Environment Minister, John Hill. On 20 November 2023, the LGA finalised its submission to this review. The final submission is available on the LGA's website. The Review is due to report to the Minister for Climate, Environment and Water in mid-February 2024, with the report due to be tabled in Parliament shortly thereafter.

The LGA made eight recommendations to the Independent Reviewer, with the following being the key matters raised; that the State Government:

- Review the management and operation of all Regional Landscape Boards (RLBs) constituted under the LSA Act, with a view to providing more transparency and information to the LGA and its membership regarding the collection and use of the Landscape levy.
- Provide greater transparency and information to the LGA and its membership regarding the
 operation of the LSA Act scheme more broadly, including financial and operational interactions
 between the State Landscape Strategy, the statutory funds constituted under the LSA Act and
 the RLBs.
- Consider requiring an annual report to be laid before the State Parliament outlining the holistic operational status of the LSA Act scheme over the previous 12 months.
- Reconsider the manner which it collects the Landscape levy from local communities. Firstly, the
 State Government should investigate the costs to Revenue SA, of collecting the Landscapes
 levy together with other property taxes. The LGA then recommends that Revenue SA collect the
 levy directly using the same notice used for Land Tax or the Emergency Services levy.

Fair Rates for Electricity Generators

The LGA advocated strongly for amendments to the State Government's Hydrogen and Renewable Energy Bill (HRE Bill), to enable councils to levy fair council rates on land used for electricity generation. The LGA is particularly grateful to Frank Pangallo MLC, for agreeing to pursue amendments.

The political parties in the Parliament appeared supportive of the LGA's aims. Unfortunately, amendments could not be made to the HRE Act on technical grounds.

There are a number of options to pursue this issue in the new Parliamentary year and the LGA will continue to engage with all parties to remove the historical impediment to councils collecting fair rates on land used for electricity generation.

Native Vegetation Act 1991 (SA)

The Department for Environment and Water (DEW) has announced that they will be conducting a targeted review of the *Native Vegetation Act 1991* (SA) to "improve and refine the current function and administration of the Act."

Councils can provide feedback to DEW once consultation commences. The LGA understands from DEW that the consultation process has been delayed until the first quarter of 2024.

Adelaide University Bill

The LGA made a submission to the Joint Committee on the Establishment of Adelaide University advocating for amendments to the Local Government Act 1999 that would repeal the exemptions for universities from rating making it possible for councils to levy rates on such higher education institutions.

There did not appear to be support in Parliament for such changes.

20-year State Infrastructure Strategy

Infrastructure SA is an independent State Government agency providing advice to the Government on coordination, planning, prioritisation, delivery and operation of infrastructure.

Infrastructure SA is tasked with developing a 20-year State Infrastructure Strategy (the Strategy) and reviewing this every five years. The last Strategy was delivered in May 2020. The aim of the Strategy is to assesses statewide infrastructure needs, strategic goals and priorities to 2045.

To help inform the process of developing the Strategy, Infrastructure SA has developed a discussion paper and has had consultation on this document via the YourSAy platform. The discussion paper on developing the Strategy is divided into sections and identifies six key strategic objectives that Infrastructure SA seeks to achieve through the new Strategy.

The LGA is in the process of finalising a submission on the discussion paper, which will be informed by consultation with members.

It is noted that the LGA is also recently finalised a submission to the State Planning Commission (SPC) on their discussion paper on the proposed Greater Adelaide Regional Plan (GARP). In its submissions the LGA has recommended that, to be effective, the GARP and the Strategy need to be closely aligned to avoid ad hoc infrastructure development by service providers, and to support a more coordinated response to long term infrastructure planning.

CWMS

CWMS Program mid-term review / Funding Deed renewal

The Mid-term Review and content of the new CWMS Funding Deed has been completed and executed by the LGA, the Funding Deed is with the Office for Local Government for execution by The Minister.

Local Government Reforms

November 2023 commencement - amendments to section 99, 125, 125A, 126 and s126A of the Local Government Act 1999

These reforms were proclaimed for commencement on 30 November 2023 in the <u>proclamation made</u> on 23 December 2021.

The changes which commence on 30 November 2023 incorporate a range of financial and governance accountability requirements relating to council internal control policies and processes, internal audit function and audit and risk committees.

The LGA has prepared 4 information sheets:

- Role of the Chief Executive Officer—section 99: risk management and internal audit processes
- Internal audit functions—section 125A
- Audit and risk committees—section 126
- Regional audit and risk committees—section 126

to support these commencements which available from <u>Commencement timelines and LGA Resources</u> <u>LGA South Australia.</u> Explanatory text for each of the commencing provisions is also available from the LG Reform website.

Financial Sustainability Information Paper No. 03—Audit committees is in the final stages of being updated to incorporate requirements from the reforms. This paper will provide model terms of reference for audit and risk committees, and work plan and reporting formats to assist councils with achieving compliance with the reforms.

Participation and Elections Review

The Minister for Local Government launched the <u>Local Government Participation and Elections Review</u> (the Participation Review) on 25 October 2023. The Participation Review is a state-wide consultation process to give all South Australians the opportunity to provide feedback on ideas and suggestions on how communities can better engage with their councils through a council term, and particularly, at election time.

The scope of the Participation Review encapsulates the following matters:

- Engaging and participating with councils, including community engagement, access to council meetings and engagement by council members with communities
- Encouraging greater numbers/more diverse candidates
- Increasing voter turnout
- Ensuring council elections are run efficiently and with the highest level of integrity

At the LGA Board of Directors meeting on 17 November 2023 the LGA Board endorsed an *LGA Consultation Paper* for release to the sector. The LGA will be making a submission to the Participation Review on behalf o the sector and is seeking feedback from member councils to inform that submission.

The *Consultation Paper* has been prepared to assist councils with providing feedback to the LGA and may also be used by councils to make a direct submission to the Participation Review.

The *Consultation Paper* also incorporates a range of proposed items of business and feedback from member councils raised with the LGA following the 2022 council elections and is seeking views from member councils on those matters.

Submissions to the LGA Consultation process are requested by **5.00pm Friday 2 February 2024**. Submissions should be sent to the LGA via email governance@lga.sa.gov.au.

The consultation period for the Participation Review closes on 1 March 2023 and direct submissions can also be made until that time.

Employee Recognition Guideline

At the LGA Board of Directors meeting on 17 November 2023 the LGA Board endorsed an *Employee Recognition Guideline* (the ER Guideline) for release to the sector.

The ER Guideline was prepared following the release of an own investigation report by the Ombudsman SA, which found that a South Australian council had committed maladministration for the purposes of section 4(2)(a)(i) of the *Ombudsman Act 1972* as a consequence of the operation of its employee reward and recognition practices over a period of 14 years.

The ER Guideline is intended to assist CEOs to develop and implement employee recognition practices within their council that have regard to the findings of the Ombudsman and balance those with the significant value and contribution to organisational culture and employee performance that recognition practices make.

The ER Guideline is available from the Members Services | Policies, codes & guidelines section of the LGA Website.

Strategic Management Plan (SMP) Advice Scheme

Tranche 2 support

The LGA has facilitated a series of regular check-ins with Tranche 2 councils participating in the SMP Advice Scheme during the 2023-24 financial year (Tranche 2 councils). Tranche 2 councils submitted their 'financial reporting template' and other relevant information relating to the long term financial plan and infrastructure and asset management plans to the Essential Services Commission of SA (ESCOSA) by 30 September 2023. ESCOSA is required to provide its advice to those councils by 28 February 2024.

Advocacy

At the LGA AGM on 26 October 2024 member councils voted in support of an item of business proposed by the District Council of Orroroo Carrieton seeking that the LGA Secretariat advocate to ESCOSA for a change to the cost structure being applied to the SMP Advice Scheme to an approach that has costs allocated to councils on a proportional basis consistent with the value assigned to votes of delegates of the LGA at an LGA General Meeting (as set out in clause 17 of the LGA Constitution).

Based on currently available information regarding the costs of the SMP Advice Scheme, this approach to the recovery of costs by ESCOSA would result in the following distribution across member councils:

Total Scheme Cost (\$680k x 4yrs) \$ 2,720,000.00

Councils with a vote weight of 1 \$23,860 (\$5965 per year over 4 years)

Councils with a vote weight of 2 \$47,719 (\$11930 per year over 4 years)

Councils with a vote weight of 3 \$71,579 (\$17895 per year over 4 years)

The LGA Secretariat will action this item of business, as well as continuing its advocacy and highlighting sector concerns regarding scope, scale and value to the sector of the SMP Advice Scheme with the Premier, the Minister and State Cabinet.

Financial Sustainability Information Papers

The series of Financial Sustainability Information Papers (FSIP) were originally published in 2006 to 2011 as part of the LGA Financial Sustainability Program. The FSIP are addressed to, and written primarily for, the benefit of council members and staff.

The FSIP have undergone various revisions to take account of legislative changes and other developments. All of the papers are currently undergoing a review process to incorporate the reforms arising from the passage of the *Statutes Amendment (Local Government Review) Act 2021*. Updated papers are being progressively published to the LGA website via <u>Financial Sustainability Resources</u> LGA South Australia.

The LGA would like to acknowledge the significant contribution of South Australian Local Government Financial Management Group (SALGFMG) who have provided valuable financial expertise and knowledge in the local government context into the development and review of these papers.

Coastal Adaptation

SA Climate Ready Coasts:

Many CEOs attended the Coast Protection Board CEO Forum held at LG House on 24 October, and received a presentation from the Climate Ready Coasts Program Manager, Michael Arman of BRM Advisory. Councils will be pleased to see that the program is largely on track.

Hatch consulting has been appointed as the consultants to implement the Climate Ready Coasts Foundation project to deliver:

- Regional workshops
- Interstate coastal adaptation benchmarking review and
- Coastal adaptation standards for South Australia.

The regional workshops and the benchmarking review have commenced and will conclude by the end of December. All coastal council staff have been included and have been very helpful in arranging venues, which is much appreciated.

Edge consultants have been appointed to lead the coastal data stocktake and will report by the end of December and the Department for Environment and Water is progressing the procurement of the monitoring buoys.

The first workshop was held on 6 November at Port Adelaide Enfield Council for metro coastal council staff in attendance. Other regional workshops are being undertaken before Christmas and are keeping the LGA team and consultants very busy. In addition, workshops with eh Coast Protection Board and State Government departments have also been undertaken and have been very useful in informing this process.

You can also see the Climate Ready Coasts website for up-to-date information.

Adelaide Coastal Councils Network (ACCN):

The ACCN now fulfills the role previously undertaken by the Metropolitan Seaside Council Committee, working closely with SA Coastal Councils Alliance (SACCA) to progress metropolitan coastal issues. As well as participating on the Program Management Group for the SA Climate Ready Coasts Program, the ACCN has agreed to its key strategic direction which can now be implemented as a new ACCN Executive Officer has been appointed. Alex Ward has a communications and planning background and will provide great support for the ACCN.

The ACCN meets every two months and its technical (staff) officers, meet every 6 weeks to ensure active participation and progress of issues. One focus will be application to grant programs and this work is already progressing.

School Community Libraries

The LGA has participated in a review of funding of School Community Libraries (SCLs). The review is being undertaken by the Libraries Board and the Department for Education as anticipated in the Collaboration Agreement entered into between the LGA and the Libraries Board in March 2022.

The SCL service is a three-way partnership between councils, the Department and the Libraries Board. The Department provides staff and infrastructure, councils provide some funds and the Public Library Services (PLS) (State Government) agency, which supports the Libraries Board, provides access to the One Card network and Wi-Fi, internet and printing services.

The LGA agreed to participate in this review with a view to supporting efforts to build a more sustainable system for SCLs which are important to councils and their communities.

The SCL Funding Review is a confidential project which raised challenges in engaging with councils. However, a SCL Funding Review Reference Group was established to advise on the Options Paper developed by a consultant engaged by the Libraries Board.

The Reference Group comprised:

- Department representatives: Ms Joann Weckert, Education Director, Mr Adrian Maywald,
 Principal of Lucindale Area School, and Ms Ali Bogle, Principal of Minlaton Area School;
- Library staff from Hawker, Karcultaby, Moonta and Swan Reach SCLs; and
- Council representatives: Ms Bridget Mather, CEO Coorong District Council and Ms Penny Williams, Manager, Community and Economic Development, District Council of Streaky Bay.

Since the funding model was introduced in 2001, the relative funding contribution made by councils has decreased significantly, from 20.4% to 7.8%. This has placed many SCLs in financial stress and is leading to difficult decisions about service levels and opening hours. Schools report that reduced library opening hours is the most effective way of cutting costs and maintaining quality.

Consultation with each SCL on the Options Paper commenced in November and will include:

- Council CEO, senior staff responsible for the SCL as well as mayors;
- School principals and staff responsible for managing the SCL; and
- SCL Library staff.

Councils have been kept informed about this consultation through emails to CEOs.

Once the engagement process has concluded, the Project Team will provide the engagement participants and the three SCL funding partners (Libraries Board, Department and LGA Board) with a report on the outcome of the engagement that will inform decision making to determine the funding approach. The LGA Board and SAROC will receive a report on the engagement process undertaken by the Project Team.

Building Sector Capability

LGA Building Sector Capability Project Update:

This project is keen for Councils to get involved in two ways:

- 1) Sharing a workforce initiative
- 2) Sharing a career story

We want to hear from councils on how they are responding to skills challenges and to share council staff career stories. Councils can share their initiatives and career stories via our members portal of the LGA website:

Go to 'Building Sector Capability' on the LGA website <u>Building sector capability | LGA South Australia</u> or contact Rowena McLean, Director Sector Development <u>rowena.mclean@lga.sa.gov.au</u>

LGA Training - council member mandatory training:

Reminder, the 17 November 2023 is the deadline for council members to complete mandatory training.

In addition, the LGA Training Standards requires all council members to complete mid-term refresher training. This includes, but is not limited to:

- A mid-term Council workshop in the maintenance of effective working relationships amongst council members and with CEO/key staff
- Refresher sessions on legal and financial responsibilities
- Refresher sessions on effective council meetings and procedures

LGA Training's mid-term offering will commence next year. Bookings will open late November '23. Further information on the LGA Training website: training.lga.sa.gov.au

Jetties

The LGR&DS funded a cost benefit analysis of jetties in SA. This was informed through a community survey which elicited over 2000 responses, raising the profile of this issue and leading to significant media interest. Further advocacy will now proceed using the information from this report. There is a also a funding program launched by Department for Infrastructure and Transport seeking to work with councils to progress jetties capital works.

RDALC REPORT TO LCLGA

SEPTEMBER - OCTOBER 2023

ABOUT US

Regional Development Australia Limestone Coast (RDALC) has evolved into the area's key regional development agency, focusing on the success and growth of businesses in the Limestone Coast. We do this by supporting and mentoring businesses in a way that maximises opportunities, reduces costs, and builds economic resilience.

RDALC provides a free one-on-one business support service for business owners. We help with starting and operating a business, including business plan development and review, licensing and registration, recruitment (including connection to job seekers and accessing the skilled migration program), and information on (and referral to) State and Australian Government programs and grants. We also assist with developing marketing and communications strategies, and help operators further their online presence.

RDALC also provides tailored support for businesses and organisations across our region that are seeking private investment as well as funding through grants. We provide economic impact analysis reports for applications, assist with the development of Information Memorandums and Investment Prospectus and assist with framing grant applications.

MASTERING CHALLENGING CONVERSATIONS

RDALC hosted a very successful workshop on Mastering Challenging Conversations with 73 participants from local government, business, education and industry. We also provided a confidential Mayor's session over the lunch break to allow our elected members to discuss the unique challenges that they face and what tools they could use. The Mayors were appreciative of the opportunity to gain this insight together.

THE BIG PICTURE

To date this financial year, RDALC has provided support to a total of **233** businesses/organisations.

EMERGING LEADERS PROGRAM

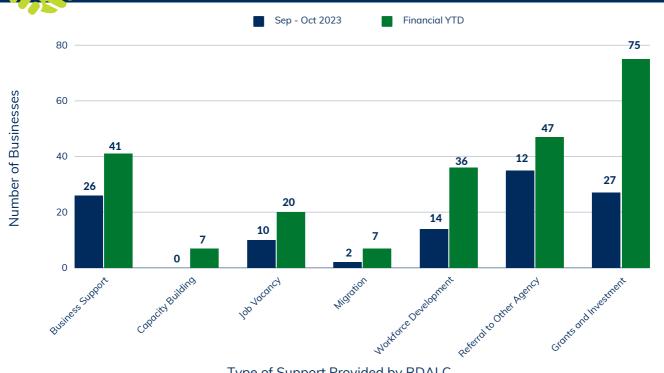

Twenty-three local participants recently completed RDALC's Emerging Leaders Program, as part of a South Australian Government initiative, the Regional Leadership Development Program. Emerging Leaders is an experiential leadership development program that grew from the success of the Limestone Coast Leadership Program.

Participants and facilitators met for monthly workshops from April to September, in different locations around the region. Local guest speakers were invited along to share their personal leadership journeys and provide advice to the Emerging Leaders. The cohort developed confidence in themselves as leaders and changemakers, and a great number of new connections throughout the region.

The Hon. Clare Scriven MLC attended a Graduation event on 25 October, to congratulate participants on completing the Program. Minister Scriven presented certificates to participants and delivered a short speech to 65 guests on the importance of leadership development in the regions.

Feedback from participants was collected following each workshop, and program delivery was adjusted accordingly. Final reflections were overwhelmingly positive, with many participants expressing their hope that the Program will run again soon for the benefit of others.
